1. The Air Force must provide safe and secure living and working conditions for its members and their families. Such an environment is maintained through the employment of effective police services on Air Force installations. This directive outlines the policies to protect installations, property, and people.
2. The Air Force will protect its installations, property, and personnel by enforcing applicable laws and directives.
  - 2.1. The Air Force law enforcement authority is limited by the Posse Comitatus Act, Title 18, United States Code, Section 1385, and Title 10, United States Code, Section 375.
3. All Air Force personnel will comply with the Air Force's law enforcement programs and will help protect Air Force resources and property under their control.
4. The Air Force will provide corrections or confinement facilities for military offenders and will make best use of joint corrections programs and facilities.
5. The following responsibilities and authorities are derived from this policy:
  - 5.1. HQ USAF/SP establishes and interprets policy, and oversees the Air Force law enforcement program.
  - 5.2. Installation commanders will establish law enforcement programs, identify requirements, and execute their programs to comply with this policy and implementing Air Force instructions.
  - 5.3. The installation chief of security police will coordinate and direct security police law enforcement operations and programs to protect the installation and manage corrections or confinement programs and facilities.
  - 5.4. Security police offices at the major commands (MAJCOM) will provide oversight and resource advocacy within their commands.
6. See **Attachment 1** for the measures of compliance with this policy.

7. See **Attachment 2** for Department of Defense (DoD) publications implemented by this policy.
8. See **Attachment 3** for publications that interface with this policy.

STEPHEN C. MANNELL, Brig General, USAF  
Chief of Security Police

### **MEASURING AND DISPLAYING COMPLIANCE WITH POLICY**

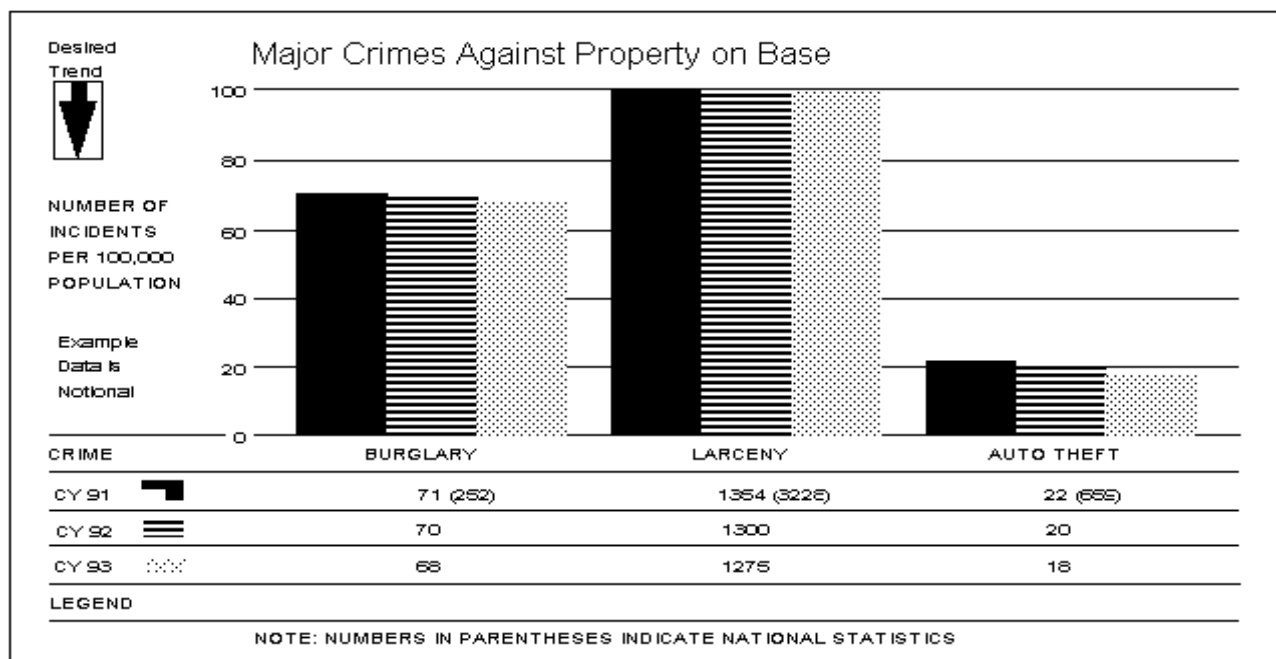

**A1.1.** The Air Force measures compliance with law enforcement policy by evaluating crime statistics collected at installations and reported through MAJCOMs to the Air Force Security Police Agency (RCS: HAF-SPO[Q&AR]7601, Law Enforcement Report). These include crimes involving persons and property. These statistics will be displayed in 3-year increments. Comparison of annual statistics for the past 3 years allows reasonable measurements of trends in crime. The bar charts (**Figure A1.1.** and **Figure A1.2.**) displaying crime trends against persons and property allow us to see trends requiring further investigation and possible changes to enforcement or crime prevention programs.

**A1.2.** The Air Force will assess the policy requiring all personnel to protect Air Force property under their control by monitoring trends in loss of Government property, using crime statistics (RCS: HAF-SPO[Q&AR]7601). Three-year statistics will be shown. The bar chart (**Figure A1.3.**) displaying property loss allows HQ USAF/SP to view trends and determine adequacy of resources protection programs. The dollar value of loss allows us to compare the number of losses with the dollar amount.
